

## Corrigendum

**Title:** Corrigendum for “Classical Numerical Methods in Scientific Computing”

**DOI:** <https://doi.org/10.59490/t.2023.007>

**Correction:**

The original “Classical Numerical Methods in Scientific Computing” publication on <https://textbooks.open.tudelft.nl/textbooks/catalog/book/67> contained an error in the author field, author biographies, and the PDF. One of the authors was not displayed. The content of the book itself, as found in the PDF version, remains accurate and unchanged.

**Explanation:**

The above textbook was first print published by Delft Academic Press in 2019 and was acquired by TU Delft OPEN Publishing in 2022 to be published open access. During the transition from classical copyright to open access, an authorship error was introduced.

**Actions Taken:**

By request, we added the missing author Hans Kraaijevanger to the landing page, cover, the title page, and the Preface (2023) of the PDF.

**Note to Readers:**

We apologize for any confusion caused by the discrepancy. Corrections have been made to the landing page title and PDF to ensure accuracy.
